Former Local Physician Tells Of Surgery of the Present War

Even down to the very button holes, you'll find that custom tailored clothes are hand stitched —we mention the fact because "trifles make perfection," and made to measure clothes are really perfect.

> Such care to details shows how carefully the clothes are made - clothes need to be made carefully to be good.

Made to measure clothes are decidedly advantageous clothes to buy and to wear. When you buy them, you pay a usual price for unusual clothes, when you wear them you get a certain satisfaction that no other clothes provide.
